Mystic eco-lodge

AVENTURA AMAZÓNICA

Our Eco Lodges offer a complete experience in the heart of the Amazon, where adventure, nature, and well-being come together in one unforgettable journey. Travelers enjoy activities such as guided jungle hikes, navigation along the Amazon River, wildlife observation, piranha fishing, observation of the majestic Victoria Regia water lily, and encounters with native communities.

Additionally, we offer camping options in different natural settings such as the Yanayacu River, the Palo Alto viewpoint, and the Napo River, allowing travelers to experience the jungle from multiple perspectives: sleeping under the stars, waking up by the river, and experiencing the nocturnal sounds of the rainforest.

For those seeking a deeper experience, we offer traditional Ayahuasca ceremonies guided by private shamans, as well as spaces for spiritual connection, rest, and inner renewal.

Our programs combine eco-friendly comfort with authentic adventure, creating unique experiences for travelers who wish to discover the Amazon in a conscious, transformative, and unforgettable way.

Camping at the Yanayacu River

Our guests have the option to replace their stay at the Eco-Lodge with a camping experience on the banks of the Yanayacu River, a tributary of the Amazon, at no additional cost.

This experience allows for a deeper connection with the Amazon rainforest while enjoying all the activities included in the lodge itineraries, such as wildlife observation, guided jungle walks, and boat navigation.

Sleeping under the stars in the heart of the jungle turns this experience into a unique, natural, and authentic adventure.

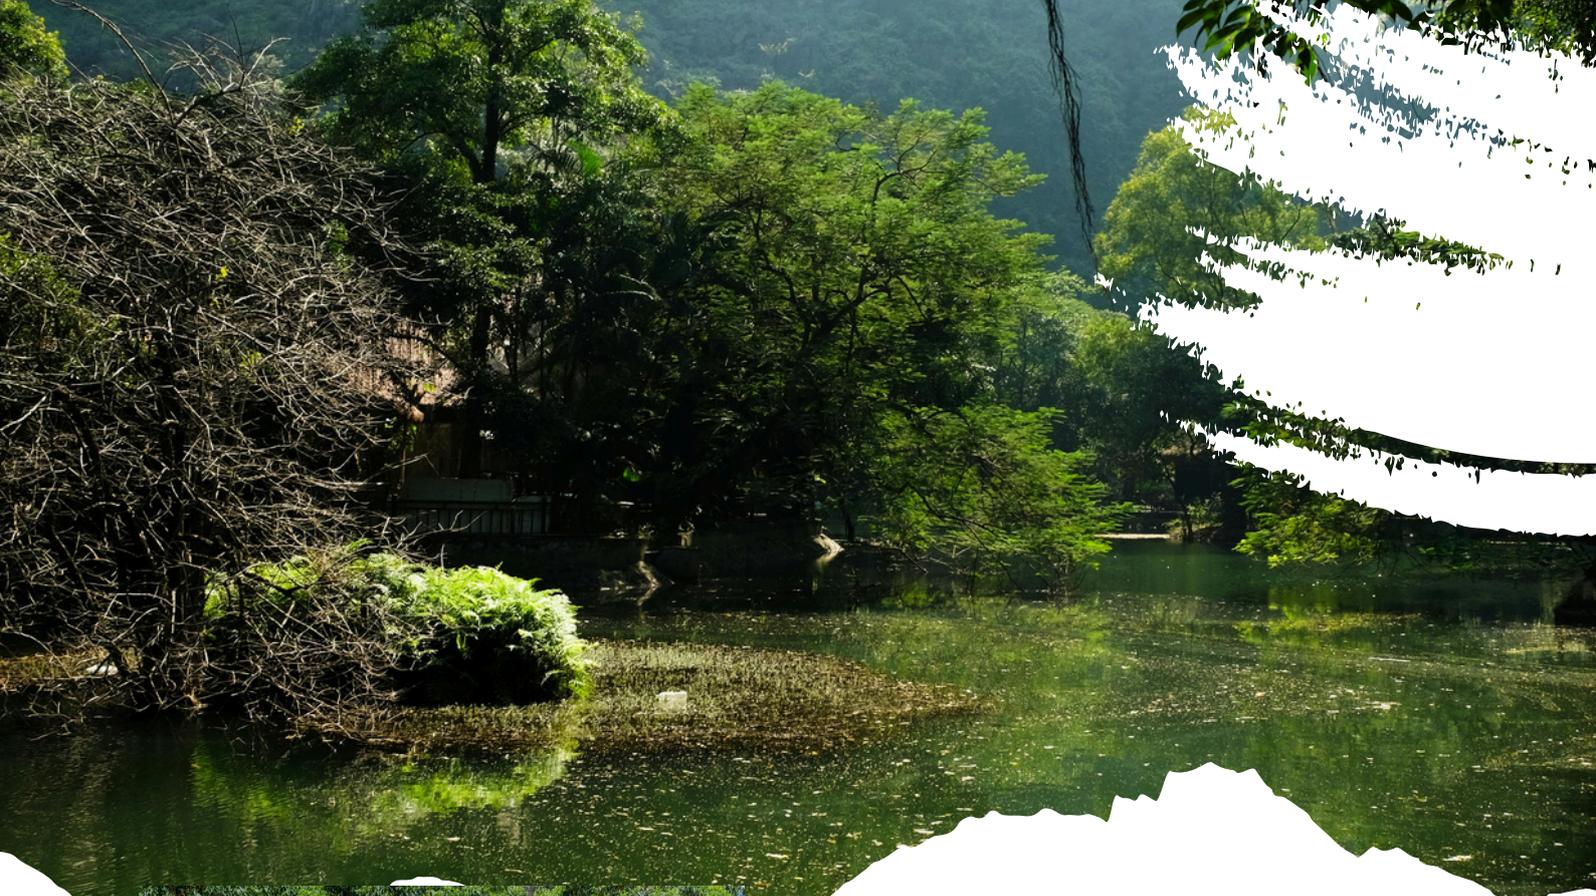

Ayahuasca Ceremony

We offer a traditional Ayahuasca ceremony at our Eco Lodge, guided by a private shaman and held in a safe, intimate, and natural environment.

This spiritual experience is available as an optional activity within our all-inclusive tours and is designed for those seeking a profound inner journey, emotional healing, and spiritual connection with the ancestral wisdom of the Amazon.

A transformative and exclusive experience for travelers who desire an authentic and meaningful journey.

Sport Fishing – Amazon Fishing Experience

More than just a fishing tour, this is an adventure and camping expedition in the Amazon. Throughout the journey, travelers immerse themselves in the natural beauty of the surroundings while navigating Amazonian rivers and observing wildlife in its natural habitat.

There is no fixed itinerary, as the experience adapts to the species encountered along the way. The main objective is piranha fishing, with the possibility of catching other species such as catfish, freshwater stingrays, and more.

An ideal experience for lovers of nature, exploration, and adrenaline.

Jungle Camping Experience

We offer a unique camping experience in the heart of the Amazon, ideal for travelers seeking a deep connection with nature through different camping styles and outdoor activities.

Our guests enjoy jungle hikes, navigation along the Amazon River, wildlife observation, piranha fishing, viewing the iconic Victoria Regia water lily, and visits to local communities. Each day combines exploration, adventure, and moments of rest in exceptional natural settings.

The experience includes different types of camping, such as at the Yanayacu River, the Palo Alto viewpoint, and the Napo River, allowing travelers to experience the jungle from multiple scenarios: sleeping under the stars, waking up by the river, and listening to the nocturnal sounds of the rainforest.
